GRAB BAR ANCHOR FOR NON-STUD MOUNT

For mounting grab bars when studs are not available.

- Retrievable and removable
- Rotating flange allows grab bar to be installed at any angle
- Neoprene gasket used for sealing
- Strength comes from hardened T5 Aluminum, NOT ordinary plastic

Quick and Easy Installation

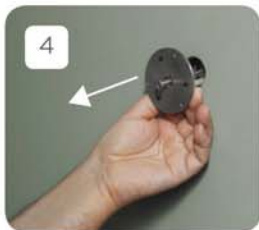

1 Mark desired location

2 Drill 1 inch hole

3 Insert anchor bar into wall

4 Grasp clip and pull forward to flip bar up

5 Tighten screw to secure anchor

6 Align and mount grab bar

A. GRAB BAR ANCHOR FOR NON-STUD MOUNT (1 Pair)

FB549 Aluminum

Mounts on a variety of substrates:

- 1/2" Drywall = Residential
- 5/8" = Commercial
- 1/2" or 5/8" with Tile or Marble

Scan here to see how easy installation can be.

211 CURVED SHOWER ROD

Adjustable 6" Curved Shower Rod

Our 211 curved shower rods adjust to fit showers 4'11" to 5'1" and 5'11" to 6'1" with no cutting required. The oval design prevents rotation once it is installed and prevents wet floors by allowing the curtain to get close to the wall. The new spring pin design replaces the need for set screws and the maintenance of tightening them over the life of the product. With its decorative flanges, this 6" curved shower rod easily coordinates with bath accessories."
